

Airline & Helicopter Services

WE ARE HIRING

B737/300-900 Captains & First Officers

We are delighted to support our expanding client with his B737 recruitment who is currently seeking B737/300-900 Captains and First Officers.

Our client operates worldwide using B737s, and in the near future wide body Boeing 767-300ER freighters on scheduled flights under its own brand and for major international express customers. The global network includes major hubs in Africa, Middle East and Europe.

The airline operates presently an extensive narrow-body freighter network based out of Algiers Houari Boumediene (ALG) as well as Tunis Carthage (TUN). In addition to its own fleet, the airline also manages various third-party airlines providing aircraft for their network.

Successful candidates will be offered a 12 month renewable contract based in Algiers Houari Boumediene (ALG) as well as Tunis Carthage (TUN) with competitive salary and immediate start dates available.
